A WORD ABOUT CONTINUING EDUCATION

Continuing Education Certificates are provided to individuals to validate attendance at a continuing education program. **DO NOT SEND CERTIFICATES TO THE BOARD until you are** requested to do so for audit purposes. Keep all certificates in a safe place in your possession. **Continuing education information is not required to be reported until the renewal period in 1999.** If you are audited by the Board you will then be requested to provide proof of continuing education.

A licensee obtaining a license for the first time in West Virginia is required to complete twelve (12) contact hours of continuing education if they were first licensed within the first half of the reporting period. For this reporting period, the first half is from 1/1/97 through 6/30/98.

A licensee obtaining a license for the first time in West Virginia is exempt from the continuing education requirements if they were first licensed within the second half of the reporting period. For this reporting period, the second half is from 7/1/98 through 12/31/99.

ANNOUNCEMENT OF ADVANCED PRACTICE

Announcement of Advanced Practice will require a Master's Degree in Nursing beginning January 1, 1999. Licensees currently holding Announcement for Advanced Practice will be "grandfathered in," which means, as long as documentation of current Advanced Practice certification is maintained on file at the office of the Board a licensee will continue to be recognized as having Announcement for Advanced Practice. Should the certification expire, the licensee will be required to meet the requirement of a Master's Degree in Nursing. The rule passed in 1991 with a full implementation date of January 1, 1999. This rule does not pertain to the registered professional nurse midwife license. If you would like an application for Announcement of Advanced Practice please contact the Board office or you may download it from the Board's web site: www.wvrnboard.com/appindx.html

PRESCRIPTIVE AUTHORITY UPDATE

The West Virginia Board of Examiners for Registered Professional Nurses reviewed the law and rule pertaining to Prescriptive Authority during the June, 1998 Board meeting. The question posed to the Board was as follows: "Can an advanced practice nurse and/or certified nurse midwife with prescriptive authority delegate the act of phoning in a prescription?"

WVCSR β 19-8-1. reads, in part, "... An authorized advanced nurse practitioner may write or sign prescriptions or transmit prescriptions verbally or by other means of communication."

WVCSR β 19-8-6.5.1.B. "Each prescription and subsequent refills given by the advanced nurse practitioner and/or certified nurse-midwife shall be entered on the patient's chart."

WVCSR19-8-7.11. "An advanced nurse practitioner and/or certified nurse midwife with prescriptive authority shall not delegate the prescribing of drugs to any other person."

The Board's response is as follows: It is the responsibility of the advanced practice nurse and/or certified nurse midwife with prescriptive authority to evaluate the appropriateness of the delegation of this task. Advanced Practice nurses are referred to the law and the Delegation Model (Purple Book) in answering this question. The registered professional nurse retains responsibility for the delegated activity. Essential to this issue is the fact that the advanced practice nurse and/or certified nurse midwife with prescriptive authority determines the prescription. The communication of the prescription to the pharmacist is then the task to be delegated. As with all delegated activities, knowing the competencies of the person to whom the task is being delegated is essential and must be done each time delegation occurs. Currently and historically the Board supports and encourages the practice of written communication in the transmission of orders. The Board discourages the practice of the verbal transmission of a prescribed medication to another individual who then verbally communicates that information to the pharmacist. After reviewing all information, the advanced practice nurse with prescriptive authority may determine that delegation of the communication of the prescription by an office assistant to a pharmacist is appropriate. Written verification of the prescription must be documented in the patient record. If this task is delegated and an error occurs the advanced practice nurse with prescriptive authority is responsible.

TO BETTER SERVE YOU IN THE RENEWAL PROCESSING

The WVBRN staff is committed to serving licensees efficiently in processing applications for licensure renewal. Due to the high volume of renewals received, licensees can expedite processing by following these guidelines:

- 1) Renewal mailing occurs in September. Your license **expires on 12/31/98**. If you do not receive a renewal application contact the Board office immediately.
- 2) Complete the renewal in its entirety and submit the applicable fee. Incomplete renewals will be returned to the licensee.
- 3) Completed renewals must be received before 4 pm on November 10, 1998 to be assured receipt of your license by December 31, 1998. The office closes at 12 Noon on December 31.

CONTINUING EDUCATION ACTIVITY

There will be an informational continuing education activity included in your 1999 license mailing. This CE activity is entitled "Professional Boundaries: A Nurse's Guide to the Importance of Appropriate Professional Boundaries." To obtain one (1) contact hour

of credit each licensee must answer 18 of the 20 test questions correctly, complete the evaluation questions and return them to the Board office.

CHILD SUPPORT QUESTIONS ON LICENSE APPLICATIONS

As a result of the passage of House Bill 101 during the 1997 legislative session, there were new questions added to the 1998 renewal form related to child support. The law requires that licensing agencies place questions related to child support payment on all applications. The questions relate to child support payment, child support payment more than 6 months in arrears and whether or not a warrant has been issued to the licensee for failure to pay child support. The Board is obligated to abide by this law. Licensees with a child support payment more than six (6) months in arrears will not be issued a license and must contact the State Child Support Enforcement Office at (304) 558-3780.

BOARD PARTICIPATION IN RESEARCH WITH THE NATIONAL COUNCIL OF STATE BOARDS OF NURSING, INC.

The West Virginia Board of Examiners for Registered Professional Nurses has been selected to participate as one of nine research sites through the NCSBN for evaluating the use of a state of art testing method . This Board will be evaluating "Computerized Clinical Simulation Testing (CST)" for purposes of continuing education. There are six (6) simulations to choose and are in a variety of settings. Participant names will be confidential and all CST results will be coded to be presented as group data. Those interested in participating, please contact Cyndy Haynes at the Board office.

NON-NEGOTIABLE CHECKS

If fees are not paid within 14 days for a non-negotiable check submitted with an application form, the license or temporary permit of a registered professional nurse is no longer valid.

A list of registered professional nurses in the State who have checks that have not been redeemed and therefore do not hold a current license follows:
